**Dr. Arturo B. Bayocot**  
Regional Director  
DepEd Regional Office 10

Dear **Dr. Bayocot**:

Research is one of the most important skills that we need to teach our students. However, it is also one of the most challenging subjects to teach. For the past years, MSU-IIT Integrated Developmental School (IDS) visited different schools, observed their research implementation, and benchmarked on their best practices. However, this year, the IDS research committee decided to dream big by hosting a Forum on Research Trends in High School Classrooms on January 28, 2023. The said forum will consist of talks and discussions about the challenges encountered and best practices in teaching research to high school students. The objectives of the forum are the following: (1) gather research teachers and research advocates; (2) share and exchange information about the research curriculum implementation of different public and private high schools in Region 10; and (3) provide the attendees an insight on the expectations of college professors regarding the research capabilities of their incoming students.

We, the research committee hope that the forum will not only benefit the IDS community, but also other schools. We also hope that the sessions could help teachers identify ways to improve their school's research curriculum, research implementation, and research teaching strategies.

In this forum, the research committee decided to limit the participation to 15 schools only. We have identified five DepEd High Schools, five private schools, and five laboratory schools of universities. We believe that representative from these schools could share the challenges that they have encountered in teaching research and the strategies that they used overcome those challenges. We believe that we could learn and benefit from each other in this forum. In this connection, we would like to invite one research teacher/representative from each of the following schools to attend the aforementioned forum:

1. Iligan City National High School
2. Iligan City East National High School
3. Lala National High School
4. Ozamiz National High School
5. Alubijid National High School

Registration is free and food will be provided during the sessions. However, we need the information details of the schools' representatives. Please provide the information through this link <https://forms.gle/bCkCzUhJtgLk2vxs9> on or before **January 19, 2023**.

Attached is the tentative program of the research forum. Should you need further information, please do not hesitate to contact us at 0927-376-7978 or email us at [charity.mulig@g.msuiit.edu.ph](mailto:charity.mulig@g.msuiit.edu.ph).

We look forward to hearing a positive response from you. Thank you very much.

Sincerely,
