1. To provide citizens with easy access to information and resources related to the office history, organizational values, code of ethics, and information about officials in the organization and other public servants, especially on transparency and accountability, this division migrates and enhances its official website from commercial to government domain landing page.
2. This migration involves archiving of the old website <http://www.depedozamiz.net/> (can be accessed but not updated) and promoting the access and useability of the new website <https://ozamiz.deped.gov.ph/> to comply with RA 11032, an act that aims to streamline the current systems and procedure of government services.
3. One of the website enhancements is the integration of Artificial Intelligence (AI) Chatbot dubbed as Project DAP-DAP (Digital Assistant Pet – Designed using Artificial intelligence Protocol) that is designed to provide helpful and informative responses to general questions. This AI language model includes profanity filter in the form of Contextual AI that can analyze and understand the meaning and nuances of language for safe browsing .
4. Links to different programs, projects, and systems like DAWN Protocol, Document Tracking system (DTS), and the-like are embedded including other government websites.
