Message

Congratulations Batch 2023 Completers and Graduates!

Moving up from one grade level to another and graduation are festive turning points of your learning journey. The theme, “K to 12 Graduates: Molded through a Resilient Educational Foundation” is attuned to our sincere commitment and dedication to advocate Inclusive Education for All. You, dear “Ozamiznon” learners are the living proof that success is possible when sharpened by compassionate and adaptive educational mentors, as well as your strong determination amidst the changing needs of time.

Persistence and resilience only come from having been given the opportunity to live and work through difficult circumstances experienced. Always remember that opportunities don’t happen, you create them. Keep believing yourself and soaring higher to achieve your dreams. Embrace life with passion and good character to become a better person. Enjoy your special day because you’ve earned it!

Lastly, my sincerest gratitude to our local government officials, parents, stakeholders and partners for their continuous support and deep engagement in the K to 12 programs; whereby, our learners are always inspired and motivated to pursue their aspirations in realizing their desires of achieving a better life in the future. Thank you, our collective endeavor and accountability in guiding the completers and graduates for possible placement and employment have already made a glimpse of their individual success stories.

Once again, my warmest congratulations on your academic milestone.
