Packaging	Individually packed in food-grade pouches. The packaging must clearly and readably indicate the Manufacturing Date, Expiration Date, and an imprinted sign per pack that indicates <b>"DepEd-SBFP, NOT FOR SALE"</b> .												
Expiration	Expiration date should be at least 6 months from the date of manufacturing.												
Nutritional Content	<table> <tr> <th></th><th>Amount per Serving</th></tr> <tr> <td>Energy</td><td>250-320 Kcal</td></tr> <tr> <td>Saturated Fat</td><td>0-3 g</td></tr> <tr> <td>Protein</td><td>3-15 g</td></tr> <tr> <td>Sugar</td><td>5-25 g</td></tr> <tr> <td>Sodium</td><td>0-120 mg</td></tr> </table>		Amount per Serving	Energy	250-320 Kcal	Saturated Fat	0-3 g	Protein	3-15 g	Sugar	5-25 g	Sodium	0-120 mg
	Amount per Serving												
Energy	250-320 Kcal												
Saturated Fat	0-3 g												
Protein	3-15 g												
Sugar	5-25 g												
Sodium	0-120 mg												
Technical Requirements for Suppliers	Nutritional analysis is required to assess whether the food product's nutrient content is within the prescribed amount per serving. The suppliers should at least have a License to Operate (LTO) issued by the Food and Drug Administration (FDA).												
Delivery Schedule	In cases when traders bid for supply, they must be authorized to supply from at most three (3) manufacturers through a Certificate of Distributorship or Joint Venture Agreement specifying the implementation period (school year), product quantity, and the SDO to be supplied.												
Drop-off Points	Delivery every two months is highly recommended instead of bulk or one-time delivery.												
Payment Schedule	(To be supplied by the end-user; should be in accordance with the schedule in the approved cycle menu)												
Sensory evaluation acceptability tests	(To be supplied by the end-user)
