Department of Education – Division of Ozamiz City

Dear Ms. Lago,

Warm greetings from Beyond Limits Learning and Therapy Services, Inc.!

We respectfully invite your office to be part of a meaningful initiative that aims to strengthen inclusive education in our local communities and schools. On **August 23–24, 2025**, we will be hosting a **2-Day Inclusive Education Workshop** in **Cagayan de Oro City**, in partnership with national leaders and advocates for inclusive education.

This training seeks to bring together **SPED teachers, mainstream classroom teachers, school leaders, and allied professionals** to equip them with practical, rights-based, and community-responsive strategies that support inclusive learning environments, especially for children with disabilities, developmental delays, and diverse learning needs.

We are honored to be joined by respected national speakers and leaders in inclusive education:

- **Ms. Kimberly De Alban** is a licensed professional teacher and certified pediatric massage therapist with over 20 years of experience in special education. She holds a Master's degree in Education and a postgraduate certification in therapeutic play. She is a co-founder of inclusive education initiatives and serves as a school administrator, trainer, and speaker on special needs and inclusion.
- **Ms. Ana M. Quijano** is a licensed pediatric occupational therapist and certified teacher with over 20 years of experience. She holds a BS in Occupational Therapy, a Master's in Education, and is currently pursuing a Doctorate in Research and Evaluation. She is the founder of **Compass Education** and **Compass Edutech Innovations Inc.**, focusing on inclusive education, curriculum development, and therapy.
- **Mr. Alphonsus Castro De Alban** is a licensed professional teacher and licensed electronics engineer with a strong background in inclusive education and special needs advocacy. He holds a Professional Teaching Certificate and a Master's degree in Educational Management from the Philippine Normal University, where he is currently pursuing his Doctorate in Leadership and Management. He also earned his Engineering degree from the University of Santo Tomas.

This event is also aligned with the recent release of the **Implementing Rules and Regulations (IRR) of Republic Act 11650**, which mandates inclusive education as a right and policy priority, making this workshop a timely and urgent capacity-building opportunity for local stakeholders.
